Action Taken Report Based on Feedback From Students

A.Y: 2020-21

S. No	Feedback	Action Taken	Outcomes/Achievements
1	Provide Aptitude and Reasoning classes	Conducted aptitude and reasoning classes for all programs.	Students improved their knowledge which helped them to crack interview & PSU exams.
2	Industry oriented knowledge required on power systems	Due to pandemic industry visit permission is not obtained. so, introduced SCADA on power systems.	Students acquired knowledge using SCADA systems.
3	Mini Projects should be included for II Year in R-20 curriculum	Taken suggestion and informed to JNTUK university. But Mini projects are conducted for II-Year students.	By conducting mini projects students gained more practical knowledge.
4	Provide Soft skills classes	Communication and soft skills course are conducted for all students.	Students gained knowledge and improved leadership qualities, cracked interviews through what they have learnt.
5	Require more practical orientation on EDC for ECE students.	PCB Design courses are conducted for ECE students to get more practical knowledge.	Students gained industry oriented designing of PCB with hands-on experience.
6	More number of industrial visits to be arranged	Due to pandemic industry visits are not conducted.	-
7	Introduce Machine Learning Concepts and advanced concepts with python programming	Add on courses on python programming are introduced	Students gained knowledge according to latest technology.
8	Require more e-learning courses	COURSERA is introduced to faculty members and students during pandemic.	More than 2K registrations in COURSERA by students and faculty members which helped them to improve their skills.

Action Taken Report Based on Feedback From Faculty Members

A.Y: 2020-21

S. No	Feedback	Action Taken	Outcomes/Achievements
1	To Introduce more programs on MATLAB	More Number of workshops are conducted based on MATLAB.	Faculty members have enriched more knowledge on MATLAB which is helpful for their research.
2	Required more number of web resources	Registered for National Digital Library of India(NDLI).	It is built to provide support for all academic levels including researchers and life-long learners, all disciplines, can access e-books, e-journals which is helpful for personal growth.
3	Need to implement regular coding activity to improve skills.	CODETANTRA platform is introduced by College to practice coding	Through CODETANTRA all the students are benefited and coding exams are conducted which increased the placement percentage.
4	In lab more number of experiments need to be included on real time basis.	Two additional experiments beyond the curriculum is implemented in all laboratory courses for UG & PG.	Students gained more practical knowledge with emerging technology through additional experiments.
5	Application of every chapter of each subject must be implemented through small projects.	A Mini Project is introduced for II Year UG students also.	Students gained Practical project knowledge in real time basis and done many projects which are displayed for all stakeholders.
6	Implementation of new syllabus for completing practical knowledge.	Plan to introduce practical oriented certificate courses in disciplines for this academic year.	-
7	Request to enrol certification courses.	In line with NPTEL, COURSERA certificate courses are introduced to faculty members and students.	Faculty members and students gained more knowledge using this platform.

Action Taken Report Based on Feedback From Stakeholders

A.Y: 2020-21

S. No	Feedback	Action Taken	Outcomes/Achievements
1	Curriculum may include teaching of more software tools and program languages which will be in accordance to emerging Industry trends.	Value added courses in Machine learning programs are conducted to enrich the students knowledge towards software tools.	Students gained more knowledge according to latest technology by these courses.
2	More focus to be instilled on communication and soft skills, out of the Box thinking and willingness to adopt skills	Technical Training classes were incorporated in regular class timetable. The departments conducted mock interviews with the help of senior faculty members to improve the technical skills of the students	Most of the students cracked the technical interviews effectively.
3	Adopt latest technologies in the market like AI&ML and DS	New programs in UG like AI&ML, DS are introduced to cope up with the latest technologies. Latest programming language like Python is introduced at par with the latest technologies	Students gained more coding skill using Python and cracked interviews.
4	Students should enhance coding courses or skills	Coding courses are conducted through CODETANTRA which enhances students knowledge.	Students gained practical knowledge through Practice using CODETANTRA platform.
