DEPARTMENT OF MECHANICAL ENGINEERING

REPORT ON STUDENT FEEDBACK ANALYSIS

ACADEMIC YEAR 2019-20

IV-B.TECH-SEMESTER-1

1. **Rate how challenging was the syllabus offered by the courses.**
   From the analysis report, it could be observed that, 65% of the students said it is challenging for the given requirement of course, 25% of the students said it is very good, 10% of the students said it is good with the Learning values.

2. **Rate the appropriate sequence of the courses provided in the curriculum**
   70% of students said that given syllabus is appropriate and adequate in the curriculam.20% said very good for the given curriculum and 10% students said it is good.

3. **Rate the depth of the syllabus of courses concerning the competencies expected by industry/current Global scenarios.**
   Majority of the students 75% said that syllabus of courses containing more basics and deeply they can get the idea regarding industry/current Global scenarios.25% of the students said it is very good .

4. **Rate the sequence of the units/modules in courses.**
   80% of students rated that sequence of modules are excellent.20% of students said very good for correct sequence of modules present in the course.

5. **Rate the adequateness of the prescribed text books and reference books mentioned for the courses.**
   70% of students said excellent textbooks are prescribed for the required course and mostly all topics wiil cover in that course and 10% said that very good prescribed text books and reference books mentioned for the courses.10% of students said good.

6. **Rate the syllabus content of the courses in terms of the burden on students.**
   Majority of the students 85% said the syllabus present in the course is sufficient and that will not burden on students. 15% of the students said very good .

7. **Rate the design of courses in terms of extra learning or self-learning.**
   70% of students said that design of course may getting extra learning and self learning also.30% of students said very good for design of course.

8. **Rate the flexibility in choosing the elective courses concerning technology advancements.**
   65% of students feel that the syllabus present in the elective subjects are excellent and those are related to technological advancements.20% of students said it is very good and 15% of students feel good.

9. **Rate the percentage of courses offering LAB components.**
   Majoriy of the students 70% said that sufficient and required courses are offered for LAB.20% of students said it is very good and 10% of students feels it is good for the course.

10. **Rate the composition of courses in terms of Basic Sciences, Engineering science, Humanities, Discipline core, discipline elective, open elective, project, etc.?**
    From the analysis report, it could be observed that, 60% of the students strongly recommend that Learning value (in terms of skills, concepts, knowledge, analytical abilities or broadening perspectives) are enhanced, 25 % of the students said it is very good, 15% of the students said it is good with the Learning values.

REPORT ON STUDENTS FEEDBACK ANALYSIS

PROGRAMME NAME	DEPARTMENT	ACADEMIC YEAR	YEAR/SEMESTER
PG	MCA	2019-20	II/I

1. Rate how challenging was the syllabus offered by the courses

From the analysis report, it was observed that, 60% of the students rated excellent about the challenging nature of the syllabus offered by the courses, 30% of the students rated it very good and 10% of the students rated it good.

2. Rate the appropriate sequence of the courses provided in the curriculum

Majority of the students, i .e, 70% of the students rated excellent about the sequence of the courses provided in the curriculum, 20% of the students have rated very good and 10% of the students have rated good.

3. Rate the depth of the syllabus of courses concerning the competencies expected by the industry/current global scenario

From the analysis report, it was observed that,60% of the students rated excellent regarding depth of the syllabus concerning the competencies expected by the Industry/Current global scenario, 30% of the students rated it very good and 10% of the students rated it good.

4. Rate the sequence of the units/modules in courses

It was observed that 72% of the students have rated excellent concerning the sequence of the units /modules in courses, 20% of the students have rated it very good and 8% of the students have rated it good.

5. Rate the adequateness of the Prescribed Textbooks and Reference Books mentioned for the course.

From the analysis report, it was observed that 69% of the students have rated excellent regarding the adequateness of the prescribed textbooks and reference books mentioned for the course, 22% of the students have rated it very good and 9% of the students have rated it good.

VALLUR - ONGOLE.

6. Rate the syllabus content of the courses in terms of burden on the students.

From the analysis report, it was observed that 57% of the students have rated excellent regarding the syllabus content of the courses (not a burden), 34% of the students have rated it very good and 9% of the students have rated it good.

7. Rate the design of courses in terms of extra learning or self – learning

Majority of the students, i .e, 81% of the students rated excellent about the design of courses in terms of extra learning or self- learning, 17% of the students have rated very good and 2% of the students have rated good.

8. Rate the flexibility in choosing the elective courses concerning technology.

From the analysis report, it was observed that 79% of the students have rated excellent regarding the flexibility in choosing the elective courses concerning technology, 12% of the students have rated it very good and 9% of the students have rated it good.

9. Rate the percentage of courses offering lab components.

It was observed that 71% of the students have rated excellent concerning the percentage of courses offering lab components, 27% of the students have rated it very good and 2% of the students have rated it good.

10.Rate the composition of courses in terms of basic Sciences, Engineering science, Humanities, Discipline core, Discipline elective, open elective, Project etc,.?

It was observed that 72% of the students have rated excellent concerning **composition of courses in terms ofHumanities, Discipline core, Discipline elective, open elective, Project etc,.** 21% of the students have rated it very good and 7% of the students rated it good.
