REPORT ON STUDENTS FEEDBACK ANALYSIS

PROGRAMME NAME	DEPARTMENT	ACADEMIC YEAR	YEAR/ SEMESTER
UG (B.Tech)	Electronics and Communication Engineering	2020-21	I/I

1. Rate how challenging was the syllabus offered by the courses

From the analysis report, it was observed that, 89% of the students rated excellent about the challenging nature of the syllabus offered by the courses, 11% of the students rated it very good

2. Rate the appropriate sequence of the courses provided in the curriculum

Majority of the students, i.e, 90% of the students rated excellent about the sequence of the courses provided in the curriculum, 7% of the students have rated very good .3% of the students have rated good

3. Rate the depth of the syllabus of courses concerning the competencies expected by the industry/current global scenario

From the analysis report, it was observed that.88% of the students rated excellent regarding depth of the syllabus concerning the competencies expected by the Industry/Current global scenario, 6% of the students rated it very good .6% of the students rated it good .

4. Rate the sequence of the units/modules in courses

It was observed that 97% of the students have rated excellent concerning the sequence of the units /modules in courses, 3% of the students have rated it very good

5. Rate the adequateness of the Prescribed Textbooks and Reference Books mentioned for the course.

From the analysis report, it was observed that 92% of the students have rated excellent regarding the adequateness of the prescribed textbooks and reference books mentioned for the course, 5% of the students have rated it very good .3% of the students have rated it very good .

6. Rate the syllabus content of the courses in terms of burden on the students.

From the analysis report, it was observed that 88% of the students have rated excellent regarding the syllabus content of the courses (not a burden), 10% of the students have rated it very good and 2% of the students have rated it good.

PRINCIPAL
RISE KRISHNA SAI PRAKASAM

VALLUR - ONGOLE.

7. Rate the design of courses in terms of extra learning or self – learning

Majority of the students, i .e, 96% of the students rated excellent about the design of courses in terms of extra learning or self- learning, 4% of the students have rated very good .

8. Rate the flexibility in choosing the elective courses concerning technology.

From the analysis report, it was observed that 90% of the students have rated excellent regarding the flexibility in choosing the elective courses concerning technology, 6% of the students have rated it very good .4% of the students have rated it good.

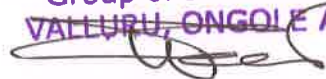

9. Rate the percentage of courses offering lab components.

It was observed that 90% of the students have rated excellent concerning the percentage of courses offering lab components, 5% of the students have rated it very good and 5% of the students have rated it good.

10. Rate the composition of courses in terms of basic Sciences, Engineering science, Humanities, Discipline core, Discipline elective, open elective, Project etc.,?

It was observed that 91% of the students have rated excellent concerning **composition of courses in terms of Humanities, Discipline core, Discipline elective, open elective, Project etc.,**.5% of the students have rated it very good.4% of the students have rated it very good.

1. Rate how challenging was the syllabus offered by the courses

From the analysis report, it was observed that, 69% of the students rated excellent about the challenging nature of the syllabus offered by the courses, 16% of the students rated it very good and 15% of the students rated it good.

2. Rate the appropriate sequence of the courses provided in the curriculum

Majority of the students, i.e, 66% of the students rated excellent about the sequence of the courses provided in the curriculum, 21% of the students have rated very good and 13% of the students have rated good.

3. Rate the depth of the syllabus of courses concerning the competencies expected by the industry/current global scenario

From the analysis report, it was observed that, 64% of the students rated excellent regarding depth of the syllabus concerning the competencies expected by the Industry/Current global scenario, 20% of the students rated it very good and 16% of the students rated it good.

4. Rate the sequence of the units/modules in courses

It was observed that 64% of the students have rated excellent concerning the sequence of the units /modules in courses, 18% of the students have rated it very good and 18% of the students have rated it good.

5. Rate the adequateness of the Prescribed Textbooks and Reference Books mentioned for the course.

From the analysis report, it was observed that 65% of the students have rated excellent regarding the adequateness of the prescribed textbooks and reference books mentioned for the course, 16% of the students have rated it very good and 18% of the students have rated it good and 1% of the students have rated it average..

6. Rate the syllabus content of the courses in terms of burden on the students.

From the analysis report, it was observed that 63% of the students have rated excellent regarding the syllabus content of the courses (not a burden), 18% of the students have rated it very good and 19% of the students have rated it good.
