Report on COVID TESTS

Due to the Covid Pandemic, class work was affected severely. Normalcy is being restored allowing students for examinations and to attend class work in a phased manner, duly following Covid Protocols. Thermal Scanning and sanitation at the Main Gate along with Mandatory mask, students are allowed. With the view to instil confidence among them, the NSS unit of the institution has requested the District Covid Control Centre to organize Covid Tests to all the students arriving at the campus. Urban Primary Health Centre officials have visited the campus and organized the camp for 4 days.

The students of RISE underwent the COVID test from 19th to 22nd December, 2020. NSS room is arranged as the base for the camp. Over 1200 students underwent the COVID test among which 550 students are from RISE Krishna Sai Prakasam Group of Institutions, remaining being from RISE Krishna Sai Gandhi Group of institutions and RISE Krishna Sai Polytechnic.

It can be recalled that the government of Andhra Pradesh has made it mandatory for students to have COVID negative reports to attend class offline. Accordingly, the RISE management organised this camp to make sure that students are free of COVID as they begin attending offline classes. All the staff have also undergone COVID test and all of them are tested negative in a similar camp Conducted on 2-3 November 2020.
