The RISE KRISHNASAI PRAKASAM GROUP OF INSTITUTIONS (An integrated campus) established in the year 2009 under the society RISE, which stands for Rural Institute of Social and Economic Empowerment, to offer unparalleled Engineering, Management and Computer Education. The most competent, dedicated and technical human resources in the campus sharpen students and their skills. They thereby, shall be sure to make the greatest possible strides both in their career and life.

**Department of M.C.A:**

The Department of master of Computer applications caters to the regional and global human resource requirements. The faculties of this department have excellent knowledge to impart IT related skills in the students. The students of this department stood at the top in academics and as well as in all competitive exams. The department is committed to strengthen the academic, research and functional abilities of the students, in order to enable them to stand as competent and versatile software professionals after graduation. The department strives to enhance research activity in the department, thereby creating competent intellectual resource to the students.

The M.C.A department courses with laboratories well-equipped with branded systems. Department is having student as well as faculty Associations and these associations conduct various seminars and workshops for revealing scientific, engineering, and technological advances to students. The students participate in events and national level contests, conducted by various institutes.

**VISION**

To upgrade the department as center of excellence in IT related skills and produce global standards in Software Industry.

**MISSION**

The Department of master of Computer application committed to empower the students to face scientific, engineering and technological problems and mould them as problem solvers.
