- 3 N. Siva prasad Rao, Civil, ASST. PROF. - 

## **POLICY**

*By law, all educational institutions financed or recognized by the government have to provide equality to children with disabilities, and the building, campus, and different amenities must be accessible.*

## **Objectives**

- *Improving the lives of disabled people and guaranteeing their involvement in society and education.*
- *Assisting college students with disabilities in learning, writing, reading, and communicating successfully through assistive technology tools, software, and services, promoting their inclusion and engagement in the learning process.*
- *Educating college employees on how to serve students with disabilities and use technology successfully with their pupils.*

## **Target Group**

- *Disabled Students and Staff*
- *Students who struggle to memorize concepts/tasks.*
- *Participants with disabilities in the college's workshops, seminars, and conferences.*

## **Facilities in the campus**

- *A wheelchair is provided for use on campus.*
- *Facility of Lift.*
- *There are ramps at the major entrances.*
- *Inclusion of individuals with disabilities in the Institute's Classrooms, Laboratories, Canteens, Restrooms, and Hostel*
- *All critical announcements and alerts are presented on the LED Display boards for*

*students with hearing impairment also with the help of speakers placed in class rooms and corridors.*

## **Procedures**

- *Install extra ramps for convenient access to the building's blocks.*
- *Allocate space for disabled-accessible bathrooms in each campus block.*
- *Provide staff and student training to raise awareness and improve communication with students with disabilities.*
- *Encourage students to work on Assistive Technology projects.*
- *Use innovative educational technologies to enhance teaching and learning*
- *Scholarships encourage students with disabilities to pursue engineering careers.*
